DIAPARASIAKETOFHEONODIPHENLIP-  
NRASINE is the name conferred by an  
Italian chemist upon a new compound  
he has discovered. It is warranted to  
cure—or kill.

FOURTH ASSISTANT POSTMASTER GEN-  
ERAL BRISTOL is making a record. It  
is estimated that he has appointed  
something like 8,000 Republican Post-  
masters, and they say he has just begun.  
There couldn't be any stronger proof to  
show that MISTER CLEVELAND did just  
what THE LEDGER has always charged  
—filled every Postoffice with Democrats.

At last the advocates of the free and  
unlimited coinage of silver have reached  
the state of openly and unabashedly  
announcing in their cardinal principle  
the creation and enforcement of a law  
which should permit people to pay their  
debts with less than one-half of what  
they received when those debts were  
made. The platform adopted by the  
Free-silver "Republians," so called,  
who recently gathered at Chicago, at  
the expense of the silver mine owners,  
proposes to clothe both metals with  
every attribute of full money, "with  
the right of every debtor to choose  
which coin shall be the basis of pay-  
ment." While this principle of paying  
debts in dollars worth less than one-  
half those received when the debt was  
made has been covertly a part of the  
plan of the silverites, they have never  
had the assurance before to openly and  
specifically declare it.

HENRY CLEWS, the eminent New  
York financier, says the great specula-  
tive event of Queen VICTORIA's Jubilee  
has not been without its effect upon  
the practical imagination of Wall  
street. The population of this country  
has grown up to probably in the neighbor-  
hood of 73,000,000, which is about  
double what it was at the termination  
of the War—thirty years ago—thus  
showing that this is a pretty progressive  
country—but there are others. Let us  
see how the above statement compares  
with the increase in the British Em-  
pire. At the commencement of the  
Queen's reign in 1837 the number of  
her subjects was 127,500,000. After  
sixty years' prosperous reign [which has  
been celebrated so grandly in London  
her subjects now number 353,800,000;  
and this great and good woman is now  
Queen and Empress over one-fourth of  
the populated globe. This exhibit  
makes the strongest argument possible  
in favor of the International Arbitra-  
tion Treaty between this country and  
Great Britain. Such an obligation will  
unite 420,000,000 of people under an  
international compact, so that this  
country will get a full equivalent in  
the undertaking, especially as its influ-  
ence over other nations cannot fail to  
gradually bring them into a similar  
happy relationship, when the sword  
will be effectively conquered by the pen.  
This should be brought about in  
time to start the twentieth century  
with, and a jubilee between the various  
nations should take place that will  
eclipse the notable one of last week,  
making the first year of the coming  
century the great jubilee civilization  
year.

The custom of closing the cotton  
mills during the summer months which  
was prevalent in New England during  
the operations of the Wilson Law will  
not be followed this season, the recent  
announcement from the manufacturing  
districts there indicating that work is  
to go steadily on this summer in view  
of the prospect that a Protective Tariff  
will soon be upon the statute books.

SENATORS VEST, MILLS and JONES  
have ceased to wall about the relation  
of the pending Tariff measure to the  
Sugar Trust since the newspapers have  
called attention to the fact that under  
their manipulation of the Wilson Bill  
Sugar Trust stock advanced 60 per cent  
value, while it has only been slightly  
affected—an increase of 6 per cent—  
during the consideration of the Bill.

THE wool schedules of the Senate  
Tariff Bill will, like nearly all of the  
other changes made by the Finance  
Committee, be yielded to popular senti-  
ment, and the schedules of first and  
second class wools are to be brought  
back to within one cent per pound of  
the rates named by the House Bill. It  
is probable that the Conference Com-  
mittee will fully restore the House rates  
on wool and sugar, and that the Bill  
will become a law within a fortnight.

THE New York Sun calls attention to  
the fact that the system of political  
duality, whereby the work of govern-  
ment is carried on in turn by one or  
the other of two great political parties,  
has by no means existed to the  
United States.

WASHINGTON had no opponent for the  
Presidency in 1789, or again in 1792.

MONROE had no opponent in 1820; he  
received every Electoral vote but one.

There were four candidates for the  
Presidency in 1824, and there were  
several in 1832 and 1836.

There were four candidates for the  
Presidency in 1860.

There were Free-soul Senators and  
Free-soul Representatives in Congress  
long before the Republican party was  
formed.

For two years before that party was  
formed the Know Nothing or Native  
American party was very strong in the  
popular branch of the Federal Legisla-  
ture.

There are Populist Senators and  
Populist Representatives today; there  
are Silver Republicans and Gold Demo-  
crats; the outcome of which subdivi-  
sion is that party government in a  
strict sense is scarcely practicable in  
the Senate.

Wait for "Sheen Aroon."

All grades of Kenawha and New River  
Suckless Coal at Davis's Telephone  
No. 69.

The little son of Mr. and Mrs. John  
Cobb of the Sixth Ward is recovering from  
his recent illness.

Judge M. H. Houston of Ashland will  
probably be a candidate for the silverite  
nomination for Governor.

The Polk Place in Nashville was sold  
under order of court for \$15,000. The  
same is not likely to be confirmed.

New York is to erect a soldiers' mem-  
orial monument to cost \$250,000. It has  
been decided to place the monument in the  
Plaza, Fifth-ninth street and Fifth  
avenue, near the entrance to Central Park.
